UNION TOWN HALL

STANDING AS ONE!

FOR OUR NEW MEXICO WORKING FAMILIES

We build our UNION today to provide the strength we need tomorrow! **Take direct action and attend this town hall. Meet and speak with our elected allies and be part of the unified voice that keeps New Mexico on the right track!**

Wealthy outside special interests are trying to take away our freedom and union voice. These threats to our working conditions are sprouting up in New Mexico and across the nation.

By joining together in our unions, we continue to protect the sanctity of our workplace rights, fight off attempts to lower take-home pay or diminish our healthcare coverage. As a strong union, we protect our great retirement benefits, and make sure our jobs remain safe.

There is work to be done! **JOIN AFSCME!** Never stop demanding your rights, job safety, better pay and benefits.

STRONGER TOGETHER!
